

# CHARLEY BEARD AUCTIONEER

BUTLER, MO.

Having a wide acquaintance with farmers and stockmen and being thoroughly familiar with the quality and breeding of stock and prices of the same, and having made a majority of the largest and best sales in this section, as also having been connected with some of the largest sales in the state, gives me a thorough knowledge and experience of the sales business. If you are thinking of making a public sale, it will pay you to employ an auctioneer who has been tested, one who has had many years of solid experience and has given the different methods of the sales business a very careful study.

## A SUCCESSFUL EXPERIENCED AUCTIONEER MEANS DOLLARS TO YOU ON SALE DAY.

Send for me or ask for my free booklet of complete instructions as to how a public sale should be arranged for and advertised. Terms reasonable. See or write me for dates.

WRITE, OR PHONE 53 AT MY EXPENSE

## Percheron Stallions, Mares, & Fillies

For Sale All registered stock I invite inspection of this stock, as it will compare with any of the kind in the United States. All of my horses are bred from imported stock and are top notchers. If you buy from home parties you always have a recourse if it is not as represented. Farm three miles northeast of Butler. Telephone 4 on 125.

The REXALL Store

BUTLER, MISSOURI.

### Bates County Association.

The following account of a meeting of Bates county people in Kansas for the purpose of organizing was very kindly furnished us by Mrs. T. P. Baldwin, 2115 E. 35, Kansas City, Mo.:

Thirty-four former residents of Bates County met at Budd Park in Kansas City, Mo., on Labor Day, Sept. 5, 1910, and formed an organization to be known as "The Bates County Association of Kansas Cityans." The Rev. Joel A. Barker was made chairman of the meeting and the following officers were elected: President, Robt. E. DeLancey; Vice President, Sam'l E. Heinlein; Secretary, Kenneth C. Baldwin; Treasurer, Miss Nellie Tucker. Speeches were made by Robt. E. DeLancey, Judge Calvin F. Boxley and Rev. J. A. Barker. On account of an almost steady rain the attendance was limited. Mrs. Lucy H. Renick, Judge Boxley and Rev. Barker were appointed a committee to arrange for another meeting this fall at which time many other former residents of Bates county will enroll as members of the Association. The meeting was a most enjoyable one to all present

and was concluded with a picnic dinner served on the Shelter House verandah.

Spalding base ball and athletic goods at Smith's.

### Democratic Campaign Book.

The Democratic National Congressional Committee has issued its Campaign Book and is now distributing it. The Committee has no funds save as it obtains them through contributions and is selling the book at \$1 per copy, or for 50c a copy in lots of ten or more.

The book is replete with valuable matter and is said to be the best Campaign Book ever issued. Every Democrat should have it and in this year of Democratic effort for supremacy should gladly contribute to the Committee by purchasing the book. The Committee did valiant service in Maine with notable results, and if Democrats everywhere will rise to the occasion, by their dollar contributions, the Democratic sun will rise triumphantly, not to set for fifty years to come. Send your orders or contributions to F. F. Garrett, Treasurer, Democratic Campaign Committee, 821 15th Street, Northwest, Washington, D. C.

## Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. *J. C. Ayer & Co., Lowell, Mass.*

It is the one great cause of all diseases, indigestion, constipation, and much debility, nervousness. Buy your Sarsaparilla from the manufacturer, J. C. Ayer & Co., Lowell, Mass.

## FARM FURROWS.

Farmer and Stockman

Some of us are going to know more about ensilage in a year from now than we know now. This is going to be the "first season" for hundreds of farmers, and no doubt mistakes will be made that will cost the silo a few friends, while the successes will make many friends.

About time for the women folks to be taking in the house plants they have had out in the front yard all summer, and soon thereafter will the fuel expense be increased, all because of aforesaid plants. But blossoms and fragrance go a long way towards shortening a winter. Mrs. Furrows says the fire is needed anyway, but I have noticed that the last shovel of coal goes into the stove at night "to keep the plants from freezing."

An Illinois subscriber wants the advice of an expert horseman on how to teach a four-year-old colt how to back an empty wagon. It seems this colt will back on the plow, the planter or any other implement, but when hitched to a wagon, he absolutely refuses to budge. We would like to have some skilled man give a little advice on this subject.

A sermon on crop rotation is growing right in our neighborhood, in two fields of corn, standing side by side. On the one plot corn has been planted for fourteen consecutive years, on the other a good rotation was employed, and you just ought to see the difference. Now the poorest piece might not have been so bad, seen alone, but its neighbor makes it look just sick in comparison. Had it not been very fertile bottom land, enriched every year by creek overflows, I do not believe that the rotationless farmer would have got a crop at all.

There is one kind of dairying that always did and always will pay, and that is first-class dairying. Get into that class, then you will have plenty of elbow room, pleasure and profit in your business.

Your land may be in need of drainage. Find out. But do not give the work of laying the tile to inexperienced hands. It must be done just right, or not at all. Learn the principles, yourself and then give the job your close personal supervision.

I am not fond of hauling out a ton of water with every ton of manure. It is useless work, and I try to plan it so as not to haul manure in wet weather. I have seen men haul manure so wet the water ran out between the slats of the spreader apron. They did it "because there was nothing else to do."

After sitting up nearly all night with one of the best work mares on the farm, she died just at daylight. In figuring what the farmer's profits ought to be, the town man never deducts an amount to cover such losses as this. The farmer does not like to have them, but he occasionally must have them just the same, the efforts of all veterinarians and "hoss doctors" to the contrary.

The president of one of the great western railway systems says he cannot see a very brisk year of business ahead and the cashier of a bank says the rate of interest on money is soon to be increased, because there is going to be a tightening up of money. On the other hand, my daily paper does not forget to make daily mention of the farmer's great and increasing prosperity. The farmer is being relied upon right along now to keep the country's prosperity in smooth running order.

Reading that I had intentions on the ten acres of timber growing on this farm for the winter's fuel, a subscriber writes for some information on the size of a sawing outfit to get to carry on similar operations on his and his neighbors' farms this winter. A six-horse gasoline engine is an ideal size to pull a saw, and a thirty-inch saw is plenty large enough for the average of timber that is handled on the prairie farm. The last sawing I did was with a three-horse gasoline engine. It worked the engine too hard and was, therefore, hard on it.

Judging by the price that flax raisers are getting for this year's seed, we'll pay something for pure linseed oil the next time any of us do any painting. It will be an incentive to increased adulteration of oils and paints, especially of ready-mixed paints. A man can easier tell when oil is adulterated than he can paint. The wear of time tells that.

For two or three years I have been up against the proposition of getting my short crop ready for market a little too late to secure the high prices. One year, rather than sell light to

weight, I kept them four weeks too long and took \$1 per 100 less for my trouble in making the packers a nice bunch of lard hogs. It was one of those times when the packers put down the price because the hogs they were getting were not fat enough, but when the fat ones began to come in their tastes were then craving bacon, hence another excuse for lower prices.

When I was a boy I remember my father telling of a neighbor who never had time to attend to small things. His children never went places where other young folks were permitted to go, simply because the rush of work prevented, and the mother of the several youngsters had to do much that was too hard for her, all because no one had the time to help her. After a time the father found it necessary to spare the time to attend mother's funeral. How many realize that mother should be helped, but after it is too late!

### THE TEST OF MERIT.

### Butler People Are Given Convincing Proof.

No better test of any article can be made than the test of time, and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Butler resident who has been cured and has stayed cured?

Read the following: Mrs. E. J. Tyler, 507 Harrison St., Butler, Mo., says: "I used Doan's Kidney Pills and found them to be a splendid remedy for kidney trouble. I suffered from lumbago and my back was stiff and painful. I also had spells of dizziness and could not sleep well. Finally my husband procured Doan's Kidney Pills for me at Frank Clay's Drug Store and after I had used them a short time I felt better in every way."

The above statement was given in March, 1906, and on Nov. 30, 1908, Mrs. Tyler said: "The cure Doan's Kidney Pills effected in my case two years ago has been permanent. I occasionally have an attack of backache but a few doses of Doan's Kidney Pills never fail to relieve me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Capt. R. A. McCormick.

Capt. Reuben Allen McCormick, formerly of Cadiz, died at his home in Columbus, Ohio, on Tuesday morning, September 6th, 1910, after a very brief illness. He was born in Washington township, this county, in June, 1839. He enlisted in the Union army in August, 1862, in the 98th Regiment, O. V. I. and was soon promoted to the position of Captain. He received a gunshot wound at the battle of Perryville, Ky., which disabled his left arm for life, but after partial recovery he remained in the army to the close of the war on duty as quartermaster. He was elected as auditor of Harrison county about the year 1870, and in the year 1889 was appointed as assistant doorkeeper in the House of Representatives at Washington.

He was married to Miss Eliza Havensfield, of Cadiz, in September, 1863, who died some years ago. They were the parents of two daughters, Nannie, wife of W. Lacey, of Colfax, Washington, and Fay, wife of Chester Franzell, of Bridgeport, Ohio.

Captain McCormick was married the second time to Mrs. Amanda McCleure, of Steubenville, and had lived in Columbus since his marriage. The funeral was held in Cadiz on Thursday morning at ten o'clock from the home of his relatives, Dr. and Mrs. S. H. Kent, burial in the Cadiz cemetery.

### A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Davenport, Ia., Cincinnati, O., Portland, Ore., or Memphis, Tenn.

### A Man of Iron Nerve.

Indomitable will and tremendous energy are never found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the natural regulators, for loose bowels and strong body. 25c at E. T. Clay's.

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its

weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given Away.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

### In the County Court of Bates County,

Missouri, in the Matter of Drainage District Number One, Bates County, Missouri.

Notice is hereby given to the land owners of Drainage District Number One of Bates County, Missouri, that a statement has been filed with the under-reigned clerk by twenty per cent of the land owners of said district, alleging that the ditches of said district should be enlarged, cleaned out, have obstructions removed or new work done, and that said statement has been set for hearing on the first day of the next October Term of the County Court, and unless good cause to the contrary be shown, the County Court will make an order requiring the surveyor, or other competent person to be named by the court, to cause said ditches to be enlarged, cleaned out, obstructions removed therefrom or new work done, as may be determined by the court and that the cost of said work will be divided pro rata according to the original assessment of benefits against the lands included in such drainage district.

Witness my hand as Clerk of the County Court this 30th day of August, 1910. C. G. WEEKS, 43-41 Clerk of County Court of Bates Co., Mo.

### Sheriff's Sale.

By virtue and authority of a special execution issued from the office of the clerk of the circuit court of Bates county, Missouri, returnable at the October term 1910 of said court and to me directed in favor of the State of Missouri ex rel S.
